THE DOCKS

OPENS WHEN YOU BUILD THE DOCK

SHIP	PRICE
Transport ship Carries 5 soldiers · cannot fight	6 gold
Attack ship PWR 3 Fast raider	8 gold
Battleship PWR 6 Rules the water	14 gold

Ships move 10 hexes on one move token — double a soldier, because the sea is wide. Sink a loaded transport and everyone aboard is lost, which is how a battleship earns its price.

THE SIEGE FACTORY

OPENS WHEN YOU BUILD THE SIEGE FACTORY

MACHINE	PRICE
Battering ram Breaks 2 wall blocks · useless in a fight	6 gold
Catapult PWR 2 Also smashes buildings	8 gold
Hot air balloon Flies over walls · carries 1	10 gold

A wall has 3 blocks. Soldiers can barely scratch it; a ram takes it down in two turns. That gap is the whole reason to own one.
